REALITIES

The Realities™ of nature... indoors

Inspired by the warmth of natural wood, *Realities™* extends a welcome invitation that brings the beauty of the outdoors indoors. Its exceptional construction makes *Realities™* highly resistant to staining, scratching, moisture, heavy loads and foot traffic.

Performance Engineered Construction

Realities™ is available in three different widths - 6', 9', 12' - resulting in less waste, fewer seams and greater ease of installation. Seams can be chemically sealed or heat-welded to ensure dirt and moisture do not become a problem. *Realities™* is manufactured in the USA, making it readily available and ensuring premium service.

- Heterogeneous construction, which means high performance for durability and strength
- Allows for heavy rolling loads and foot traffic, psi 750
- Appropriate for Corporate, Educational, Healthcare and Retail environments
- Quantum Guard™ HP with urethane aluminum oxide topcoat cured by UV process can eliminate the need for polish over an extended period of time depending on the amount of commercial traffic
- Seams can be chemically sealed or heat-welded for an aseptic environment
- Available in multiple widths – 6', 9', and 12'
- Made in the USA for outstanding service
- Ease of installation due to enhanced flexibility
- Meets ADA Requirements
- FloorScore certified
- Meets CHPS 01305, passed and listed
- 5-Year Commercial Warranty
- 5-Year Quantum Guard™ HP Finish Warranty
