MANNINGTON OFFERS OPTION OF GROUTED INSTALLATIONS ON

ADURA® LUXURY FLOORS

February 5, 2007 – Just when you thought Adura® couldn't get any more versatile, Mannington introduces Adura® Luxury Grout. With the addition of grout, Adura® takes on even more of a 'real tile' look, but is softer and warmer underfoot.

The grouting option is available for 19 different tiles, and the special acrylic grout is available in eight popular colors that will coordinate with and enhance the real tile visual of those patterns.

Adura® Luxury Grout, as well as the sponges and sundries necessary to complete the job, are available through Mannington's distributors and will be available at fine flooring retailers in late March.
